## **Life Safety Code® Surveyor to be added to TJC Surveys of Ambulatory Surgical Centers**

Effective December 15, 2014, The Joint Commission surveys of Ambulatory Surgery Centers will include the addition of a *Life Safety Code*® surveyor. This will affect Ambulatory Surgery Centers that:

- Select the Medicare deemed status option
- Seek accreditation with classification as an ambulatory health care occupancy

**Contact us if you would like a survey of your Ambulatory Surgery Center to ensure compliance with *The Life Safety Code*®.**
